### . Program Increases

- . Aviation fuel and supply requirement due to an addition of 19,022 flying hours
- b. Extensive wing cracking problems required escalation of repair and replacement of outer wings on the C-130B, C-130E, and HC-130P aircraft
- c. Structural problems cetected in the F-15 aircraft Irove up speedline inspection and maintenance costs
- d. Throttle cable deficiencies increased the requirement (or replacement of these cables on the following aircraft; C-130B, C-130E, HC-130H, HC-130P
- Installation of 13 Low Altitude Night Attack (LANA)
   modifications on A-7D aircraft slipped from FY 1987
   into FY 1988
- Various minar Class V aircraft modification installation schedule revisions

### 6. Program Decreases

a. Revisions in aircraft modification installation schedules. and quantities since the FY 1988 budger request resulted in the following aircraft modernization program decreases:

A-7 A-10A C-13G KC-135 R-4 F-15

Activity Group: B5, Depot Maintenance

### I. Narrative Description

This activity includes funds from which the Air National Guard reimburses the Air Force Logistics Command (AFLC) for depot level maintenance on aircraft and other equipment. Depot maintenance is required to repair, overhaul and upgrade Air Martonal Guard weapons systems to enable the Air National Guard to be capable of conducting independent operations in accordance with wartime taskings.

# II. Description of Operations Financed

and communications equipment, vehicles and other equipment. Depot level maintenance includes repair, foverhaul, modification, reclamation, manufacture, assembly and disassembly, inspection, testing, and service engine-ring including centractor-furnished supplies and equipment includes to maintenance and modification service performed under contract. It also includes Government Furnished Materials (GFM) procured from Air Porce Stock Funds by the Depot Maintenance Industrial Fund and consumed by the depots in support of the Air National Guard. This estimate provides funds for depot level maintenance, including corrective maintenance of aircraft, equipment and accessories, electronic

## DETAIL BY ACTIVITY GROUP

Activity Group: C5, Other Support

### Marrative Description H

This activity includes fuels for flying operations of Air National Guard support aircraft; the command administration for the Air National Guard force; supervision of host/base support at Selfridge and Buckley and host/base operating location activities at Ellington, Forbes, Otis, Selfridge, Portland, Rickenbacker and Duluth; and real property maintenance. Funds are required to provide the facilities, equipment, and support an Air National Guard force at a level of combat readiness that enables it to assimilate immediately into the active force and to be capable of conducting independent operations in accordance with wartime taskings.

# II. Description of Operations Financed

Guard bases: Selfridge, Buckley, Ellington, Forbes, Otis, Portland, Rickenbacker, and Duluth. These costs include personnel compensation and benefits of civilian personnel, as well as travel and per diem expenses for full-time active duty military personnel and civilians. This benefits of civilian personnel, as well as travel and per diem expenses for full-time active duty military personnel and civilians. This estimate also provides for the repair, rehabilitation, modification, alteration, and minor construction of Air National Guard real property for flying and support units. This estimate provides for the direct expenses of aviation fuel for the operation of Air National Guard support afremation and benefits of those civilian employees assigned to staff functions of the Air National Guard Within the National Guard Bureau and the travel and per diem expenses of officers and civilians assigned to those staff functions. In addition, this extimate guard Bureau and the travel and per diem expenses of officers and civilians assigned to those staff functions. In addition, this extimate provides for costs associated with host/base support or host/base operating location activities at the following federally-owned Air National

Explanation of Program and Funding Changes from FY 1988 to FY 1989: Increase of \$66.0 from FY 1988 to FY 1989 for military personnel is for the annualization of the FY 1988 pay raise and a 4.3% pay raise effective I January 1989. Increase of \$11.0 from FY 1988 to FY 1989 for Operation and Maintenance is due to price growth.
